Full Stack Java developer:
• JAVA Springboot MVC, REST, JUnit testing, Hiberate
• MySQL, Crate
• HTML, CSS, JavaScript, Thymeleaf.
• React, Typescript (redux)
• AWS

Willing to relocate: Anywhere
Authorized to work in the US for any employer

Work Experience

Software Engineer II

OpenEye - Liberty Lake, WA
November 2021 to June 2023

Worked on OpenEye Monolithic software, by transforming old services into manageable componenets and deployed it as a web service. All clusters (testing and deployment) were deployed on AWS.

SECURITY: Handled monthely security audits, as well as OWASP concerns for outdated dependencies. Created JUnit tests for endpoints and React Jest tests to ensure components functioned as expected.

FRONTEND: Mixed hybrid style of Thymeleaf and Reat UI. The React portion also mixed in generic JS pages as well as Typescript. Used a mix of Redux and local state management. Transition from Thymeleaf was goal.

BACKEND: Java MVC with Springboot. Most were complex REST apis that had to handle internal hardware connections. Used MySQL for querrying as well as wrote flyways for proper database management.

Developer

HCL Tech - Sacramento, CA
December 2020 to November 2021

Full Stack development writing in Java, using Spring MVC, Hibernate and REST.
On the job training in Android development with focus on Google Authenticator, Room Database, Rest API requests through OKHttp3 and image processing using Picasso. Following is extensive manual testing for bug detection, triaging bug issues for cross platform compatibility and additional automation testing with Appium.

Software Consultant

Web Datum Consulting - Cheney, WA
June 2018 to December 2020

Personal business which developed application for local business, website design and maintenance specific to the business's needs in data management, architectural ideas, business reach etc.

Assistant Kithchen Manager

SPAGHETTI FACTORY
August 2015 to January 2018

Fantastic learning environment inviting cultural differences with refugees. Handled all concerns from ordering to quality control. Managed customer complaints directly. Administrative responsibilities from profit and loss' to budgetary constraints.

Lead Cook

SAFARI ROOM
August 2013 to 2015

Established eLearning Opportunity Plans' for refugees developing American culture to supporting learning of English language. Managerial concerns: Filing invoices, responsible for ordering, counted end of month inventory, holiday recipes and specials, designed new incentive programs. For productivity.

Mathematics Tutor

SPOKANE FALLS COMMUNITY COLLEGE
October 2013 to March 2014

MATHEMATICS TUTOR EASTERN JANUARY 2017-JUNE 2019
• SFCC: Development of abstraction and generalization to analyze scenarios.
• EWU: Lead multiple classroom review days in the absence of the professors for Algebra Concepts. Tutored all mathematics and programming courses I have completed.

Senator

ASSOCIATED STUDENT GOVERNMENT
October 2013 to March 2014

between administration and students. Followed parliamentarian procedures to vote on student proposals. Develop new relationships with students and organizations to progress SFCC in the direction of their interests. Event planning in accordance to the desires of the student clubs and their constituents. Active in international student, Spokane film festival, and budget committees. Organized and staffed student food bank to deliver food to student body.

Professors Assistant

SPOKANE FALLS COMMUNITY COLLEGE
December 2012 to June 2013

PROFESSORS ASSISTANT EASTERN WASHINGTON UNIVERSITY DECEMBER 2016-JUNE 2017
• SFCC: Lead class in the absence of the professor. Responsible for grading the student's assignments as well as my professor's important documents. Adhered to confidentiality parameters and showed reliable competency regarding the work of others respectfully.
• EWU: Evaluated assignments and offered advice to the professor dependent upon the outcomes of the scores. Held meetings with students to answer concerns with scores and tutoring for improvement.

Education

M.S. in Data Science
University of Colorado Denver-Online - Denver, CO
September 2020 to Present

B.Sc in MATHEMATICS
Eastern Washington University - Cheney, WA
June 2015 to June 2020

Minor in Computer Science
Eastern Washington University - Cheney, WA

Minor in Data Science
Eastern Washington University

Skills

- Business Leadership via 4 years management experience and extensive volunteer activities
- Mathematical modeling via Statistics, Linear Algebra and Industrial Applied Math studies.
- Qualitative definition through ECEAP, Student Government Senatorial position and tutor/TA.
- (SAS, Java, MATLAB, Python, SQL, MySQL, SPSS, Jupyter Notebook).
- Git
- GitHub
- Business Consulting
- Communications
- Leadership Experience
- Management Consulting
- JavaScript
- Java
- Agile
- Linux
- Data Analysis
- REST
- XML
- APIs
- Maven
- Software development
- C++
- Mobile applications
- JSON
- SDKs
- C#

- MVC
- HTML5
- MySQL
- J2EE
- Unit Testing
- AWS
- Web Services
- CSS
- Bootstrap
- User Interface (UI)
- RESTful API (2 years)

Certifications and Licenses

IBM Data Science Professional Certificate

October 2020 to Present

IBM Data Science Professional Certificate is an online learning experience. It spans 9 courses focused in Python development for interpreting data from methodology to machine learning implementations.

- Data Visualization with Python
- Databases and SQL for Data Science
- Data Analysis with Python
- Data Science Methodology
- Python for Data Science and AI
- Tools for Data Science
- Machine Learning with Python

Masters Full Stack Developer

March 2021 to Present

Full Stack Development training with the core in Java and OOP concepts. Following is training in servlets to HTML with JPAs and deployment with Spring MVC, Hibernate and Relational Databases using MySQL. Rest APIs using Postman for checking.

COURSES:
- Implement OOPS using Java with Data Structures and beyond
- Become a backend expert: JDBC, JSPs, MySQL, Hibernate
- Implement Frameworks the DevOps way: Spring Boot, Maven, CICD

• Develop a WEB Application the front end way: HTML, CSS, JavaScript

Assessments

Analyzing data — Proficient

August 2021

Interpreting and producing graphs, identifying trends, and drawing justifiable conclusions from data
Full results: Proficient

Indeed Assessments provides skills tests that are not indicative of a license or certification, or continued development in any professional field.
